

SEA BREEZE SKIN CARE

Custom Coast Facial

Let me customize your 60-75 minute facial just for you. Double cleansing and exfoliation with extractions, then I will blend serums and masks perfect for your skin type and condition. All of my custom facials include hand, neck and shoulder massage and sometimes a touch on the scalp. Whether you need a ultra moisturizing treatment or deep pore cleaning, have super sensitive skin or a combination of conditions, I have you covered.

60-75 min. xxxxx

Petite Facial

Just the basics, a double cleansing, exfoliation and a treatment mask. Minimal extractions and a mini shoulder massage.

30-45 min. xxxxx

The Coast is Clear Acne Facial

This Acne - fighting treatment is gentle yet effective at dissolving active Acne. It helps clear the skin making scarring less likely. Healing and antibacterial this treatment includes a mask to soothe irritated skin.

60-75 min. xxxxxx

Epicuren Facial

This results - oriented treatment is the ultimate skin rejuvenation. It includes a hot cinnamon peel and two enzyme masques which help draw out impurities and maximize the skins elasticity. This treatment produces a fundamental effect for the cellular health of the skin.

75 min. xxxxxx

Epicurabrasion

Epicurabrasion is a supercharged combination of Microdermabrasion and the famous Epicuren Enzyme, Mask for improved rejuvenating results. Microdermabrasion is a skin resurfacing treatment designed to reduce fine lines, shrink pores and lighten pigmentation and scars, combined together it heals faster and with tightening and toning effects.

xxxxx

Microdermabrasion

This treatment will rejuvenate, soften and smooth the skin by polishing the skin with crystal or a crystal free treatment. Microdermabrasion cleans pores thoroughly and prevents further breakouts.

OTHER BENEFITS:

- Improves Acne/ Acne Scars
- Treats Aging and Sun Damaged Skin
- Reduces Fine Lines and Wrinkles
- Diminishes Hyper-Pigmentation
- Smooths and Refines Bumpy Skin
- Minimizes Pores
- Visible Results

Glycolic Peel

This procedure is designed to resurface and retexturize facial skin.

Glycolic Acid dissolves the "glue like" substance in the stratum corneum allowing the outer dead layers to lift away without wounding the skin. Results can be dramatic decreasing the appearance of fine lines and improving skin texture. Your skin will appear firmer, brighter, more translucent, supple and soft. There is no recovery period and very little redness. You can apply make-up immediately and resume normal activity.
